**CHEAPER**  
Coal is Promised to the  
People

Now That the Cold Weather  
is About Over.

The Wise Ones Predict a Break in  
the Market and Lower  
Prices by Next  
Monday.

Columbus, O., Mar. 7.—The Sunday  
Creek Coal Co., the New Pittsburgh  
Coal Co. and other large coal operators  
have announced an increase of 45c  
per ton for bituminous coal shipped to  
lake ports, the new scale of prices to  
go into effect at once, which means  
when lake navigation opens.  
The increase of 45 cents per ton is for  
what is known to the coal trade as  
Hocking Valley, Pittsburgh coal being  
advanced 60 cents per ton.

While the price of lake coal is in-  
creased 25 per cent, this does not  
mean a uniform increase for Ohio in-  
land states, but on the contrary, if  
conditions for the 1903 season are any  
thing like normal, the prices this season  
will be far lower than what they  
were last year.

The big operators explain this by  
saying that the contracts for lake coal  
were made last season at a ridiculously  
low price and before the anthracite  
strike started and in endeavoring to  
carry out these contracts the people  
in Ohio, Indiana and Illinois were dis-  
criminated against.

The retail price of coal was \$3.50  
per ton in Columbus, Friday, but the  
market was very weak and a break is  
anticipated by Monday. Just as soon  
as the high waters subside and traffic  
is resumed coal will go down to \$3  
per ton in Columbus and possibly lower  
elsewhere.

boxes and began firing, but Taliaferro  
did not cease until he had killed the  
alleged despoiler of his home.

## Nothing Tastes Good And eating is simply perfume very—done because it must be. This is the common complaint of the dyspeptic.

It eating sparingly would cure dyspepsia, few would suffer from it long.

The only way to cure dyspepsia, which is difficult digestion, is to give vigor and tone to the stomach and the whole digestive system.

Hood's Sarsaparilla cured the niece of Frank Fay, 106 N. St. South Boston, Mass., who writes that she had been a great sufferer from dyspepsia for six years; had been without appetite and had lost weight, her stomach and headache. She had tried many other medicines in vain. Two bottles of Hood's Sarsaparilla made her well.

### READ IT THROUGH.

#### 'Twould Spoil This Story to Tell It in The Headlines.

To use an eighteenth century phrase this is an "ever true tale." Having happened in a small Virginia town in the winter of 1902, it is a story very much of the present. Up to a short time ago, Mrs. John E. Harmon, of Station, Va., had no personal knowledge of the rare curative properties of Chamberlain's Cough Remedy. "Last January," she says, "my baby took a dreadful cold and at one time I feared she would have pneumonia, but one of my neighbors told me how this remedy had cured her little boy and I began giving it to my baby at once and it soon cured her. I heartily thank the manufacturers of Chamberlain's Cough Remedy for playing so great a cure within my reach. I cannot recommend it too highly or say too much in its favor. I hope all who read this will try it and be convinced as I was." For sale by Wm. M. Melville, old post office corner.

**What is Life?**  
In the last analysis nobody knows but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in constipation, headache or liver trouble. Dr. Kings New Life Pills quickly re-adjust this. It's gentle, yet thorough. Only 25c at H. F. Vorkamp drug store, corner North and Main streets.

**The Fragrant Heliotrope.**  
You may give a heliotrope, and not a very large plant, as much water as you give a geranium and think you are giving all that is required. Your plant will fail to make a vigorous and healthy growth because it is not moist enough at the roots. Examine it, and you will find that the tiny roots have contracted the moisture almost wholly. If not given more water at once, some of the young and delicate roots are injured, and the plant takes on a diseased condition, from which it often never recovers. Do not get the idea that the soil in which heliotropes are grown ought to be kept wet. Not at all. But because it requires more moisture than many plants, because it extracts more rapidly from the soil, water should be given often to keep the soil in the proper condition.

By all odds the most intensely interesting way to California is through Denver and Salt Lake City, past all the magnificent Colorado scenery by daylight, and across Cape Horn on the Sierra Nevadas. # in the World of Fashion.

York, March 7.—Years ago grandmother was young. It was an imposition on the weather wraps and wear straw hats. But things have changed. This is only the first of the first spring month, it is to see some woman of fashion hats of straw. The coat also has been laid aside place usurped by a smart little blouse which accompanies the tailor-made suit. The principal skirt, however, is more necessary is the skirt for the tailor suit. This of emergency affair, reserved for days or occasions on which the skirt would be more. The principal skirt, however, is more necessary is the skirt for the tailor suit. that I must do something to regain my health. A friend advised me to try Wine of Cardui. I had little faith in patent medicines. I am now very thankful that I did so, for within ten days blessed relief came to me, and in less than three months I was cured, and have enjoyed fine health ever since. I know there is nothing better for a sick woman who wishes to enjoy perfect health and an easy pleasure to give my hearty endorsement.

No suffering woman can afford to ignore such a letter as Mrs. McDonald writes. Her plans and advice have proved valuable in building up one of the greatest women's organizations in the United States and she takes time to give advice which she knows will help you.

Do not delay in securing this medicine. There is nothing to gain and everything to lose by delay. The choice is before you. Will or will you not secure relief now by taking Wine of Cardui? All druggists sell \$1.00 bottles of Wine of Cardui as well as 25c packages of Theodore's Black-Dragee.

A million suffering women have found relief in Wine of Cardui.

**"I thank Dr. Pierce for the kind advice he gave when I wrote to him."**

"I am thankful to the friend who first recommended your medicine," writes Mrs. Annie M. Brook, of Southfield, Fayette Co., Pa. "I have a twelve pound baby, three weeks old. I took three bottles of 'Favorite Prescription' before baby came, and the time was only one hour and a half. Have had five children, and before this always had a severe time, lasting two or three days, and never was able to do any work for about two months afterward. Now I am doing all the work for four children. My friends say I look better now than ever before. We told one of my sisters to take 'Favorite Prescription,' which she did, and when her child was born the time of suffering was very short. She has better health now than since her marriage, some years ago. We cannot praise Dr. Pierce's medicine enough. I thank Dr. Pierce for the kind advice he gave when I wrote to him. Whenever I see other women suffering I tell them about your wonderful medicine."

The benefits resulting from a consultation by letter with Dr. Pierce are testified to by thousands of grateful women who have been made new women by his medical advice and fatherly counsel given absolutely without cost or fee.

Sick and ailing women, especially those suffering from chronic diseases, are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription is the best medicine for the cure of womanly ills. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It is the best preparative for maternity, giving the mother strength to give her child, and making the baby's advent practically painless.

Dr. Pierce's Favorite Prescription contains no alcohol and is entirely free from opium, cocaine and all other narcotics.

same material as the gown or in silk or panne of the same color.

The objection raised against the leather belt is that it can not be embroidered and otherwise adorned like the cloth girdle and for this reason does not meet the requirements of dame fashion. While this is true of most leathers, it is not so with suede, for surely there is nothing more fashionable than this though it is always expensive.

Belts and stock that correspond are pretty and new. If the collar is of clerical design the belt carries out the same idea with the exception that the tabs hang down the back. There are styles in which this scheme is retained, but there is always the similarity between stock and belt.

Ribbons which hold a leading place among the details of dress are by no means the lightest of the expenses of a woman's wardrobe. An ample supply of light shades of taffeta, Louisiana, liberty, gauze and moure ribbons are on exhibition for the decoration of the well-dressed girl. Keeping ribbons in such a way that they are insured against dust and the tossing about that they frequently get in a bureau drawer is made comparatively easy by dainty little ribbon boxes that are sold this year at reasonable prices.

The determined efforts to popularize strings of Venetian beads for pendant lockets, brooches or other trinkets hanging from the neck have met with success, as may be judged from the novelties of this description shown in the shops.

Silk gloves for evening wear ought to be welcomed with open arms. They are just as dainty as those of kid and can be laundered with little trouble. The white kid glove though elegant is a costly item of dress for the woman who goes out often, for no matter how much care may be exercised it is impossible to keep it immaculate for any length of time.

Pretty silk gloves of pure white come in sixteen button length ornamented with open drawn work in flower designs from the back of the hand to the top of the glove. The top of the gloves are finished with embroidered scallops, where usually is simply a narrow hem.

These gloves are also to be had in colors, but as white withstands the ravages of cleaning best, it is a safer investment to select white ones.

**Well Again.**

The many friends of John Blount will be pleased to learn that he has entirely recovered from his attack of rheumatism. Chamberlain's Pain Balm cured him after the best doctors in the town (Monro, Ind.) had failed to give relief. The prompt relief from pain which this liniment affords is alone worth many times its cost. For sale by Wm. M. Melville, old post office corner.

**Obtaining Heirs in China.**

The practical Chinese have adopted a simple way of obtaining heirs where there are no legal ones—the adoption of children who belong to side branches of the family. In this way the family line is kept intact. In the absence of male descendants in the side branches of the family the sons of strangers are adopted. The Chinese prefer this method to marrying second wives.

**Nerves Like a Flat-iron.**

A woman who suffered for three years from nervous prostration says two bottles of Light's Colic Nerve Compound effected a complete cure. She hardly knows today whether she has nerves or not, as she never feels them. It is certainly a wonderful remedy. Sold by Wm. M. Melville, old post office corner.

## AMUSEMENTS.

Tonight....."Alaska"  
Monday....."Looping the Loop"  
Tuesday....."A Turkish Texan"  
Thursday....."The Span of Life"  
Saturday....."Janice Meredith."

The revenue cutter "Eagle" in an ice floe is reproduced with life like reality in Lincoln J. Carter's new production of "Alaska."

In sight of land, yet hemmed in by a pack of ice, she presents a most beautiful appearance in spite of her disabled condition. The rocking of the boat against the blocks of ice, the swaying of the icebergs and the sight of the snow capped mountains are presented in a true and natural manner. "Alaska" is the attraction at Faurot opera house this afternoon and evening.

Looping the Loop, the new picture musical farce comedy deals with characters well known to everybody. The comic pictures of the pictorial newspapers that have struck the popular fancy by their comic situations.

Nothing has done more to quicken the imagination of newspaper readers than the comic picture drawings. They are of extreme interest and amusement to the young folks as well as the old and tickles ones risibilities if one has any sense or humor. They tell in pictures that require no great mental effort on the readers part the troubles and the adventures of the popular comic heroes like Happy Hooligan, Gloomy Gus, Alphonse and Gaston, Tumble Tom, Foxy Grandpa, Johnny Boston Beans and Fedders McGinnis, Mrs. Katzenjammer, Lady Bountiful and other characters whose affairs and experiences are always of general interest.

A chorus of pretty girls handsomely costumed and various colored light effects give the comedy a brilliancy and dash that makes the show a rattling fun production. This attraction comes to Faurot opera house next Monday evening, March 9th.

Next Tuesday, March 10 the stage at the Faurot opera house will be occupied by Willie Collier's latest comedy success "A Turkish Texan," which was seen here last October under the title of "Would You for Five Millions?" This comedy is reported to be one of the most amusing from start to finish, for Mr. Collier has discarded all of the comedy planks with which the public are familiar and has built his play out of entirely new material. The production is very elaborate and handsome, everything used on the stage being carried by the company.

**A BANQUET IN JAPAN.**

Talking and Amusements Are More Important Than Eating.

Dining is not in Japan a serious business. The Japanese do not meet to eat but eat because they have met, and conversation and amusements form the principal part of a banquet. Conversation need not be held only with your neighbors, for if a man wishes to speak to a friend in another part of the room he quietly slips the paper panel behind him, passes into the veranda, enters the room again and sits down on the floor before his friend. Exchanging cups is the chief ceremony at a Japanese dinner. Sake, a spirit made from rice resembling dry sherry, is drunk out of tiny lacquer and gold cups throughout dinner, and the merrymen, who sit on their heels in the open space of the floor, patiently watch for every opportunity to fill your cup with sake.

When a gentleman would exchange cups, which is equivalent to drinking your health, he sits down in front of you and begs the honor. You empty your cup into a bowl of water, have it filled with sake, drink, wash it again and hand it to your friend. He raises it to his forehead, bows, has it filled and drinks. As this ceremony has to be gone through a great many times drinking is often a mere pretense. Eating is, however, but a small part of the entertainment. We must be amused, and to amuse is the business of the geisha, the licensed singing and dancing girls who are attached to every tea-house.

But the singers at a Japanese dinner only take the part of the chorus in a Greek play, and they sing the story which dancing girls represent or suggest by a series of gestures or postures. The dancers are splendidly dressed, and their movements are so interesting, so unlike anything seen in Europe, that we watch them with a curious sense of pleasure.

 is a candidate for Mayor of Lima, sub-  
 ject to the Republican City Convention.

### City Treasurer.

We are authorized to announce the  
 name of Chas. A. Phillips of the First

### For Co. Atable.

Daniel B. Miller wishes to announce  
 his candidacy for re-nomination by the  
 Republicans of Lima for the position  
 of Constable.

There is a rapidly growing belief  
 that the Democrats have nominated  
 a ticket in Lima which will be elected  
 this spring.

The election of Senator Gorman, as  
 the leader of the Democrats in the United  
 States Senate places him in the  
 place formerly held by ex-Senator J.  
 L. Jones.

Wm. J. Bryan will deliver a lecture  
 in Ottawa next Wednesday, after  
 which there will be a banquet in his  
 honor at the Hotel Dumont. A num-  
 ber of Democratic admirers of the Ne-  
 braska statesman will be in attend-  
 ance.

## THE SENATE AGGRIEVED.

The esteemed senate is in a state of  
 mind. Its dignity has been assaulted  
 by that uncouth and irreverent gen-  
 tleman from Illinois, the Hon. Joseph  
 Cannon. "Uncle Joe" said a few things  
 about the senators just before the ad-  
 journment of congress that hit the  
 popular fancy. He intimated that the  
 senators were a lot of stately champs  
 who hid behind a set of farcical and  
 antiquated rules and thwarted legisla-  
 tion. He spoke the truth and spoke it  
 in a plain, blunt way that pleased every-  
 one except the senators.

Now the members of "the most aug-  
 ust deliberative body in the world"  
 are vindictive themselves. They are  
 arising, looking wise and making  
 speeches that are almost tearful. They  
 renege the assertion that they are not  
 as useful as ornamental, and they let  
 it be known that they think it real  
 rude in Mr. Cannon or anyone else to  
 insinuate that the senate is not wholly  
 admirable.

The average senator is the biggest  
 kind of a humbug. He knows that he  
 is helping in producing the greatest  
 farce-comedy of the age, yet he does  
 it with an air of solemnity and wisdom  
 than would make Minerva's owl look  
 like a peewee.

We hope that other Philistines will  
 follow the example of Mr. Cannon and  
 show what a sham the senate is. The  
 august body cannot support ridicule,  
 and if the batteries are turned on it  
 will have to capitulate.—Toledo Bee.

## A MOURNING NAVY.

The sun has hid itself from view; it  
 refuses to shine longer on the waters,  
 and life on the ocean wave has be-  
 come gray and dark.

There is no sound of cavalry by  
 night; there is no beat of drum by  
 day.

The jolly Jack Tar is jolly no longer,  
 he has lost his buoyancy. His flag  
 is at half mast, and his sea legs grow  
 more unsteady as he seeks to drown  
 his grief in the grog which has been  
 wont to exhilarate him to cheers for  
 his superiors.

## Perhaps a Woman's

Life Arrives

Crowninshield, the pride of the  
 navy!

Crowninshield, the American Peau  
 Brummeel of the Parisian Panties,  
 who paced the corridors of European  
 palaces with that quarter-deck stride,  
 which struck terror to the hearts of  
 America's would-be aggressors, and  
 swelled with pride the bosoms of his  
 lady admirers.

Crowninshield, the scarred veteran of  
 many salon encounters?

Crowninshield, who could run his  
 ship on land just as well as on the  
 sea!

Al! Woe is ours; Crowninshield  
 has retired!

He asked for bread and was given  
 a stone. He wanted the whole state  
 and they gave him a city. The Chi-  
 cago was neither so handsome nor so  
 large as the Illinois, and they made  
 him take it anyway, and he took his  
 dishes and went home.

The navy is in mourning, the na-  
 tion in sackcloth and ashes. Crown-  
 inshield is out.—Columbus Press.

## A GIRL TO TRUST.

So Thought President Lincoln When  
 He Handed Her a Pass.

During the civil war Miss N., a  
 high spirited Virginia young lady  
 whose father, a Confederate soldier,  
 had been taken prisoner by the Union  
 forces, was desirous of obtaining a  
 pass which would enable her to visit  
 him. Francis P. Blair agreed to obtain  
 an audience with the president, but  
 warned his young and rather impulsive  
 friend to be prudent and not betray  
 her sympathy for the south. They  
 were ushered into the presence of Mr.  
 Lincoln, and the object for which they  
 had come was stated. The tall, grave  
 man bent down to the little maiden  
 and, looking searchingly into her face,  
 said:

"You are loyal, of course?"

"Her bright eyes flashed. She hesi-  
 tated a moment, and then, with a face  
 eloquent with emotion and honest as  
 his own, she replied:

"Yes, loyal to the heart's core—in Vir-  
 ginia."

Mr. Lincoln kept his intent gaze up-  
 on her for a moment longer and then  
 went to his desk, wrote a line or two  
 and handed her the paper. With a  
 bow the interview terminated. When  
 they had left the room, Mr. Blair began  
 to upbraid his young friend for her im-  
 petuosity.

"Now you have done it!" he said.  
 "Didn't I warn you to be very careful?  
 You have only yourself to blame."

Miss N. made no reply, but opened  
 the paper. It contained these words:

Pass Miss N. She is an honest girl  
 and can be trusted.  
 A. LINCOLN.

## Red Jacket's Memory.

Red Jacket, the Indian chief, had  
 more confidence in his own memory  
 than in books and papers of white men.  
 There was a council at one time be-  
 fore Tompkins, an early governor of  
 New York, in regard to an ancient  
 treaty. The great chief said one thing,  
 but Red Jacket carried him. "You have  
 forgotten," said the American agent.  
 "We have it written down on paper."  
 "The paper then tells a lie," was the  
 confident answer. "I have it written  
 here." He continued the chief, placing his  
 hand with dignity upon his brow.  
 "You Yankees are born with a feath-  
 er between your fingers, but your pa-  
 per does not speak the truth. The In-  
 dian keeps his knowledge here. This is  
 the book the Great Spirit gave him. It  
 does not lie." A reference was made to  
 the treaty in question, when to the as-  
 tonishment of all every word that Red  
 Jacket had said was confirmed on the  
 document.

## When the Grand Climacteric

Period of a Woman's

Life Arrives

Paine's Celery Compound

Takes Her Safely into After-Life

Free from the Ailments and Dangers Common to Her Sex.

Change of life, which usually comes  
 on between the age of forty and fifty,  
 is to thousands of women a time of  
 serious constitutional disturbances.  
 The danger time is made known by  
 irregularities, stomach derangements,

headache, nervousness, pain in back  
 and hips, limbs and abdomen frequen-  
 tly swell, piles do their annoying work,  
 there is vertigo, palpitation of the  
 heart and debility.

When any of these warning symp-  
 toms are experienced, the use of  
 Paine's Celery Compound will do won-  
 ders for anxious and suffering women.  
 Paine's Celery Compound used regu-  
 larly for a few weeks will build up  
 the nerve force and physical strength,  
 tone digestion, keep the kidneys and  
 liver in working condition, will banish  
 gloomy fears and give sweet sleep. It  
 has saved thousands of women from  
 terrible sufferings and death. Miss  
 Annie Pasold, of De Witt, Iowa, tells  
 how Paine's Celery Compound made  
 her mother well and strong; she says:

"My mother was taken very sick by  
 approaching change of life and was  
 confined to her bed for seven weeks.  
 We employed the best doctor, but his  
 efforts were of little avail. She could  
 not keep anything on her stomach,  
 could not sleep and she wasted to a  
 shadow. We procured a bottle of  
 Paine's Celery Compound for her. Its  
 use gave grand and wonderful results.  
 She soon slept well at night, got  
 stronger and her appetite returned.  
 She is now well and strong and does  
 her work with pleasure. She would  
 not be without Paine's Celery Com-  
 pound for any consideration."

Two deals of considerable impor-  
 tance in saloon property were closed  
 in this city yesterday afternoon and  
 this morning. Yesterday afternoon L.  
 J. Keppler sold his saloon on west  
 High street, known as the Opera cafe,  
 to D. G. Stettner, of Columbus, and  
 this morning he sold the Oak saloon  
 fixtures and stock to Baker & Guncheon,  
 of the Elk.

The consideration in the sale of the  
 Opera cafe was \$2,700. That of the  
 other sale will not yet be given out.  
 Baker & Guncheon will retain the  
 management of the Elk for the pres-  
 ent.

## ROBBERY

Did Not Appear in the

Assault Case,

But Atkinson Was Fined

\$25 and Costs.

His Companion Was Assessed Five

Dollars for Throwing a Turnip

—Cases Disposed of in

Mayor's Court.

E. G. Atkinson and Curt Hall, who  
 were arrested about 4 o'clock yester-  
 day afternoon, charged with having  
 committed an assault upon Carl Al-  
 tschul, were arraigned in mayor's court  
 this morning. Both pleaded guilty to the  
 charge of assault and battery and At-  
 kinson was fined twenty-five dollars and  
 the costs of prosecution. Hall  
 said he had nothing to do with the as-  
 sault other than to throw a turnip at  
 Altschul after Atkinson had hit him  
 with a broom handle. Hall was fined  
 \$5. There was no evidence that any  
 one attempted to rob Mr. Altschul.

Perry Lackey, charged with disor-  
 derly conduct, was fined five dollars.  
 He was also arraigned on a charge of  
 beating a board bill and to that he  
 pleaded not guilty but paid a portion  
 of the amount due the keeper of the  
 boarding house.

A young man named Snyder, hailing  
 from Wapakoneta, was taken out of  
 the opera house last evening in a state  
 of intoxication. He was fined \$2.

## A CHANGE FOR THE BETTER.

The Way Physicians Now Treat

Catarrah.

Physicians who formerly depended  
 upon inhalers, sprays and local wash-  
 es or ointments now use Stuart's Cat-  
 arrh Tablets because as one of the  
 most prominent stated, these tablets  
 contain in pleasant, convenient form  
 all of the really efficient and reliable  
 catarrah remedies, such as red gum,  
 blood root and Hydrastis.

They contain no cocaine or opiate  
 (so common in liquid catarrah modifi-  
 cations and cough syrups) and they are  
 given to little children with entire  
 safety and benefit.

Dr. J. J. Reisinger, says: "I suffered  
 from catarrah in my head and throat  
 every winter and it would hang on  
 clear into summer, with stoppage of  
 the nose and irritation in the throat af-  
 fecting my voice so that I was contin-  
 ually clearing my throat before I could  
 speak plainly. It finally extended to  
 the stomach causing catarrah of the  
 stomach."

I bought a fifty cent box of Stuart's  
 Catarrah Tablets at my druggist's,  
 carried them in my pocket and used  
 them regularly several times a day  
 and the way in which they cleared my  
 head and throat and improved my  
 hearing and general health I consider  
 little short of remarkable. I had no  
 catarrah last winter and spring, and  
 know I am entirely free from any cat-  
 arrhal trouble whatever.

Mrs. Jerome Ellison of Wheeling,  
 writes: "I suffered from catarrah nearly  
 my whole life and last winter my  
 two children also suffered from cat-  
 arrhal colds and sore throat so much  
 they were out of school a large part  
 of the winter. My brother who was  
 cured of catarrah deafness by using  
 Stuart's Catarrah Tablets urged me so  
 much to try them that I sent to the  
 drug store and bought a package and  
 I am truly thankful for what they  
 have done for me and my children. I  
 always keep a box of the tablets in  
 the house and at the first appearance  
 of a cold or sore throat one or two of  
 the catarrah tablets nips it in the bud  
 and catarrah is no longer a household  
 affliction with us."

## WANTS MARK

To be His Running Mate in

Next Campaign.

New York, Mar. 7.—A Washington  
 dispatch to the Herald says:

"Republican leaders both in and out  
 of Congress have discovered marked  
 significance in a statement made by  
 Gov. Van Sant, of Minnesota, who was  
 a recent caller at the White House,  
 and they see vice presidential possi-  
 bility in either Senator Hanna or Sen-  
 ator Fairbanks. The governor came  
 on to Washington with something of  
 a boom of his own, but after seeing  
 the president gave out an interview in  
 which he said Mr. Roosevelt, in case  
 he was nominated for the presidency  
 next year, desired a man from Ohio or  
 Indiana for second place on the ticket.  
 All political speculations on this  
 statement unite in the common ground  
 that this means either Roosevelt and  
 Hanna or Roosevelt and Fairbanks, if  
 the president's wishes are followed in  
 the convention.

And Union Meetings Will be Held  
Beginning on Sunday,  
March 15.

Last week an invitation, signed by the pastors and representatives of the official boards of the churches of the city accustomed to hold evangelistic services with one, or possibly two, exceptions, was extended to Major Cole, the well known evangelist, whose work during the past winter in Marion, O., resulted in the conversion of over 1500 persons, to hold meetings in Lima in the near future. Word was received today that the invitation has been accepted, and that Major Cole would begin his work here, Sunday, March 15. Rev. W. F. Ringland, D. D. was in the city today to arranging for the distinguished evangelist's coming. It is expected that the pastors of the city will be called together to meet Mr. Ringland, where it is possible.

## The Children's Friend.

There is no use trying to persuade American mothers that a substitute exists for Perry Davis' Painkiller. They know how it relieves the troubles of childhood, from sprained arms and legs to stomachache. Other preparations may do good, Painkiller, is certain to. A big difference, and one that has been recognized for sixty years. There is but one Painkiller, Perry Davis.

Two Young Men from New Hamp-

ence While Taking in the  
Sights of Lima.

An unusual accident and one which might have resulted even more seriously than it did occurred this afternoon in front of the Cincinnati block.

Vernon Adams and Herman Mahan, two young men whose homes are at New Hampshire, were on the Market street side of the building, when a portion of a window light in the third story blew out and struck the awning below where it broke into fragments and scattered in every direction.

A portion of it struck Mr. Adams on the head and cut through his hat to the skull, leaving a gaping wound of about five inches in length. A small piece of the glass scooped out a piece of the scalp about the size of a half dollar. The injured man was taken into Dr. Katsely's office where the wound was dressed and a number of stitches taken to bring the severed portions of the scalp together.

is not seriously hurt, but the wound will take some time in healing.

## DUMMY

Smith Showd the White  
Feather Last Night

And the Wrestling Bout was Award-  
ed to the Flying Dutchman  
on Default.

The wrestling bout at Moore's garden last night was not such as to afford the sport desired by the crowd in attendance. The Flying Dutchman went on the mat with Dummy Smith, of Erie, Pa., but the latter took offense at the rough treatment received and refused to continue the battle after a three minutes engagement.

Dan Jordan, who is backing the Dutchman since the latter's separation from Bobby Reakes, makes the statement that his protegee agreed to bar the strangle and hammer lock, but even with that advantage the Dummy did not come up to expectations.

Dick Stone acted as referee and had no alternative but to award the match to the Dutchman after Smith's absolute refusal to continue the match. There was considerable commotion when the crowd saw what they were up against and cries of farce and fraud were heard from all parts of the house. Jordan and Smith both denied that there was any attempt to pull off the bout except on the square and the manner in which both principals roughed it from the start certainly looked as though they were in earnest.

The Dutchman and his manager leave Monday for Kenton where a match has been arranged between the former and Al Ackerman for a straight catch-as-catch-can match, two best out of three, strangle hold barred. The bout will be pulled off in the armory.

## STORY

Didn't Agree With Preceding  
Events.

A Gay Old Time Enjoyed by a  
Elida Girl Who is Arranging  
to Come to Lima.

Thursday morning, a Miss Hague, whose home is in Elida went out on the platform with the remainder of the passengers. During the rush, some one was kind enough to relieve Miss Hague of her cash. She was an entire stranger in the town and was in a sad predicament without a cent. Another young lady was in the depot waiting for the same train, and scraped an acquaintanceship with the Hague girl and listened to her story with compassion. She took her to the hotel and paid for her lodging and brought her breakfast this morning. She then purchased a ticket to Elida for her. The pair left this morning on No. 36.

This is the substance of a pretty little story told by the Hague girl this morning, and that's all its worth. The pair are had characters and were out on a spree all night. They visited the various saloons in town and had a high old time. The night officers were put onto them and searched for them but about that time they made themselves scarce. One of the girls said she was going to be married and had purchased a quantity of dishes at Edward's grocery. The other's name was not learned, and she said she had no home and she had been working in various places. Her mother lives in Conover. She said she was going to seek employment. Both were seedy looking customers.

La Grippe consumes human vitality like a fire consumes dry wood. Hagee's Cordial of Cod Liver Oil, the greatest extingisher of La Grippe known, puts out the fire and promptly rebuilds the destroyed tissues anew. A thin, palatable fluid, without the nauseating grease.

**WITHERED BY PAIN**  
**THE EFFECT NEURALGIA HAD ON**  
**A WOMAN'S FACE.**  
But with the Aid of Dr. Williams' Pink Pills she was Enabled to Free Herself from Suffering and is Now Well.

"For a year I suffered the agonies of neuralgia, my face and head nearly withered from the pain and I found no relief till I tried Dr. Williams' Pink Pills for Pale People and was cured." This is the statement made by Mrs. J. B. Whittlessey, of Turin, N. Y. Her neighbors can verify the truth of it. "In the winter of 1900," she continues, "my general health was poor and I began to suffer with neuralgia. I tried three different physicians, but they did not help me. In fact, I grew worse. I suffered untold tortures with the pain in my face and I don't know what I should have done if I had not acted on the advice of a friend and taken Dr. Williams' Pink Pills. In three days after beginning with them the pain began to grow less and after taking three boxes the neuralgia had entirely disappeared. Since then I have not had even a touch of the pain. I have recommended Dr. Williams' Pink Pills for Pale People to every one I have seen who suffered with neuralgia."

The power of Dr. Williams' Pink Pills for Pale People in the vast number of diseases due to derangements of the nervous system or to impure blood has been demonstrated in thousands of instances as remarkable as the one related above.

It is a well-established fact that Dr. Williams' Pink Pills for Pale People are an unfailing specific for locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, after-effects of the grip, palpitation of the heart, pale and sallow complexions and all forms of weakness either in male or female. At all druggists or direct from Dr. Williams Medicine Co., Schenectady, N. Y. 50 cents per box, six boxes \$2.50.

Monday and Friday at 7 p. m. other days 4 p. m. Friday at 3 p. m. at Mrs. J. K. Brines' residence 133 north Bax-  
ter street. Mrs. Brines will give the second Lenten reading to which all are invited.

**Wakeful Children.**  
For a long time the two year old child of Mr. P. L. McPherson, 59 north Tenth street, Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble, and gave her half of one of Chamberlain's Stomach and Liver Tablets, and she slept the whole night through. Two boxes of these Tablets have effected a permanent cure and she is now well and strong. For sale by W. M. Melville, old post office corner.

It always cures and is pleasant to take. Sold by Wm. M. Melville, old post office corner.

**Maine's Floating Island.**  
The town of Liberty has a floating island which is quite a natural curiosity. The island contains about 100 acres. It does not float around for the reason that there is not space for it to do so, but it rises 10 or 12 feet during the freshets of fall and spring and falls back to solid pasture land during the drought of summer. Spruce trees 50 feet tall grow upon it—Bangor Whig and Courier.

**Beware of Ointments for Catarrh that Contain Mercury,**  
as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is far greater than the benefit they derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists, price 50c per bottle. # BULLETS AND BIRDSHOT

**Flew Thick and Fast In a Desperate Running Fight.**

**Three Officers Attempt to Arrest a Crowd of Five Suspicious Strangers and Bloodshed Results—Two of the Gang Escaped.**

Shortly after 2 o'clock yesterday afternoon, city detective Hugh Patton, night sergeant Fenstermaker and patrolman Billstein "Rushed" a gang of five supposed outlaws at Pat Holleran's saloon on south Main street near the C. & E. crossing and as a result, the officers had the most exciting and desperate battle that has been enacted in this city since the night that the late Capt. of Police Goodell and officer Sullivan did battle with the Monniu gang of outlaws in the north C. H. & D. yards. Twenty-five or thirty shots were exchanged between officers Fenstermaker and Billstein and two south side residents on one side and a well armed desperado on the other. Fortunately for all, all of the bullets from three revolvers that were brought into the play went wide of the targets at which they were aimed, but the fugitive desperado was finally brought to earth by being "winged" by several loads of bird shot fired from shot guns that were taken into the case by the south side men. Three of the gang were safely landed at the police station and the other two, who are also known to have been armed, escaped.

## GUN PLAY

Was Started by "Blinky" Morgan at Holleran's Place.

During the day, yesterday the police received a report of a safe cracking and post office robbery "trick" that had been turned night before last at the little town of Continental in Putnam county and they were on the lookout for all suspicious characters when they received word that several strangers, supposed to be crooks, were at Holleran's place on the south side. Chief Mills detailed detective Patton and officers Fenstermaker and Billstein to arrest the gang and when they reached Holleran's place they separated and entered the place through different doors. In the barroom they found five strangers, four of whom were standing talking together while the fifth was sitting behind the store with his hat pulled over his eyes, evidently asleep. The four men were told that they would have to accompany the officers to the police station and they at first offered no resistance. Before the officers could start out of the place with their prisoners detective Patton was called across the street to Baumgardner's saloon to answer a telephone call from the police station. As he left Holleran's place officer Fenstermaker awakened the man who was

sitting behind the stove. The man sprang to his feet in an instant and made a start for the door. Officer Billstein attempted to intercept him and he flashed a murderous looking weapon in the officer's face. Billstein drew his own weapon and at that instant Mrs. Holleran came into the barroom from the restaurant and passed between the two men. Both lowered their weapons and the stranger darted through the rear door and started toward the L. E. & W. tracks. By this time officer Fenstermaker and the other four men were on the sidewalk in front of Holleran's place and detective Patton was returning from Baumgardner's place.

"That—tried to shoot me," called out officer Billstein as he started in pursuit of the man with the gun. Sergeant Fenstermaker left the four men on the sidewalk and joined Billstein in the chase. Detective Patton grabbed two of the quartette and the other two drew revolvers. Patton placed his two prisoners between himself and the two armed men and drew his own weapon and at the same moment saw the fugitive, who had reached an open space east of the L. E. & W. tracks, turn and level his revolver over his left arm and shoot at officer Billstein who was just crossing the tracks. The bullet missed the officer and splintered one of the timbers of an out building at the rear of Holleran's place.

Detective Patton held his two prisoners by threatening to shoot if either of them attempted to run but the battle was too unequal for him to attempt to stop the other two armed men who backed up to the door of Holleran's saloon and then ran through the building and escaped in the direction of the L. E. & W. tracks.

Officer Patton placed his prisoners on a street car and took them to the police station where they registered as Joe King, 25, and James Smith, 31. Neither was armed and nothing was found in their possession to connect them with any crime. One of them was recognized by detective Patton however, as an old offender well known by the police in this part of the state.

## SHOT GUNS

Were Brought Into Play During the Long Chase.

The fugitive pursued by officers Billstein and Fenstermaker raced

across fields and lots to Pine street and then ran to Albert street where he turned eastward and was soon in the open field that was skirted on the southeast by a dense thicket. The running fight was continued and scores of citizens joined in the chase. J. M. Rambo and a man named Campbell joined the artillery company with a couple of shot guns and by the time the thicket was reached near the C. & E. and Detroit Southern crossing the fugitive had been wounded. While in the thicket the desperado reloaded his weapon and clipped some twigs with in a few inches of the face of sergeant Fenstermaker. While the battle in the thicket was progressing Campbell got to the east of the place and as the fugitive emerged from a clump of bushes he wounded him severely with a load of bird shot. The man then staggered onto the Detroit Southern track and took shelter under a tank car where he surrendered.

The officers took possession of the desperado's weapon, a thirty-eight caliber Smith & Wesson special, and finding that their prisoner was severely wounded, they telephoned from the National Tile Roofing Co.'s office for an ambulance. By the time the ambulance arrived news of the battle had spread over the south side and several hundred people were on the scene.

## BIRD SHOT

Had Wounded the Fugitive in the Head and One Leg.

At the police station the prisoner gave his name as William Morgan, alias "Blinky Morgan II." In his possession was found \$11 in cash and a few postage stamps. He claims to have arrived in the city on an Erie train yesterday. He claims to have committed no crime "here" and only resisted because he didn't want to be arrested with his revolver in his possession. The prisoner is about 40 years of age and wears an artificial eye in his right eye socket.

Dr. Terwilliger was summoned to the police station and he probed for and removed several bird shot that had taken effect in the prisoner's left knee and removed several more from the right side and back of his head. The prisoner was very sullen and refused to talk but displayed plenty of nerve as the surgeon probed for the bird shot and dressed his wounds. With his head and left knee bandaged he was removed from the police station to the county jail in a cab about 5 o'clock last evening.

## THE ASSISTANCE

Of Rambo and Campbell Was Valuable to the Officers.

Chief Mills stated today that the assistance of Mr. Rambo and Mr. Campbell, who joined in the chase with their shot guns, was very valuable to the officers who pursued Morgan. Both Billstein and Fenstermaker are heavily built men and would undoubtedly have been outrun by the more slightly built Morgan, if they had not received assistance.

## THE ROBBERY.

Money and Stamps Were Stolen at Continental.

As yet nothing has been found to

connect Morgan with the Continental robbery unless it be the fact that he had a little over \$11 in cash and a very few postage stamps in his possession when arrested. When the Continental post office was blown early yesterday morning, the thieves escaped with \$44 in cash and \$550 worth of postage stamps. Neither is there any evidence to connect the other two prisoners with Morgan, although one of them is known to be a professional crook. Pat Holleran, in whose place the men were found, claims that the strangers all entered his place for the first time just before noon yesterday and ordered dinner. He also claims that Morgan did not associate with the other four men, but drank alone and spent most of the time reading newspapers and sleeping on a chair near the stove.

## "NOT GUILTY"

Of Shooting with Intent to Kill, Says Morgan.

About 11 o'clock this morning, chief Mills took a cab and went to the county jail to take Morgan to the police station for arraignment in mayor's court, but found the prisoner too sore from his wounds to make the trip. This afternoon, however, he was hauled to the station and was arraigned on a charge of shooting with intent to kill. He pleaded not guilty and the case was set for hearing Monday. The prisoner was remanded to the county jail to await the hearing.

Postmaster Hall notified the postal authorities at Cincinnati of the capture and an effort will be made to ascertain whether or not he was in any way connected with the Continental post office robbery.

The other two prisoners who were arrested on suspicion are still held on that charge.

## OFFICERS

**Found the Missing Boy and Brought Him Home.**

**Young Ratcliff Located at Booneville Where He was Working in a Livery Stable.**

The suspense endured by Mr. and Mrs. Ratcliff, of Harrison avenue, because of the unknown whereabouts of their son, Henry, was relieved yesterday evening when the lad was brought home by officer Boley, of Arcadia.

The latter had been on a search for the boy since Mr. Ratcliff unsuccessful trip, and he was finally located at a little town called Booneville, in the northwestern part of the state. The boy had gone to Arcadia on a visit, and had been advanced \$35 by his father, but when his money gave out he thought he would hunt employment. When found he was working in a livery stable.

Illness are a terrible torment to the little folks, and to some older ones. Easily cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents.

## HUNTERS

**Will Have a Season With the Ducks This Month.**

Local sportsmen are preparing for the spring opening of the wild duck season, the date of which is March 15, the open season to extend to April 20. A peculiar feature of the law and the date this year is that which deprives the sportsmen of two days' duck shooting. The law prohibits hunting on Sunday or Monday. The 15th of the month falls on Sunday and as Monday following is a prohibited day, the season will practically not open until March 17, St. Patrick's day.

## GOSPEL

# CAUGHT BY THE GRIP. RELEASED BY PE-RU-NA.

**Congressman Geo. H. White's Case. A Noted Sculptress Cured.**

The world of medicine recognizes Grip as epidemic catarrh. -- Medical Talk.

Mrs. Colella Covell writes from 219 N. Avenue, Aurora, Ill.:

"Only those who have suffered with la grippe and been cured can appreciate how grateful I feel that such a splendid medicine as Peruna has been placed at the door of every suffering person."—Mrs. C. Covell.

Noted Sculptress Cured of Grip. Mrs. M. C. Cooper, of the Royal Academy of Arts, of London, England, now residing in Washington, D. C., is one of the greatest living sculptors and painters of the world. She says:

"I take pleasure in recommending Peruna for catarrh and la grippe. I have suffered for months, and after the use of one bottle of Peruna I am entirely well."—Mrs. M. C. Cooper.

D. L. Wallace, a charter member of the International Barber's Union, writes from 15 Western avenue, Minneapolis, Minn.:

"Following a severe attack of la grippe I seemed to be affected badly all over. 'One of my customers who was greatly helped by Peruna advised me to try it, and I procured a bottle the same day. Now my head is clear, my nerves are steady, I enjoy food and rest well. Peruna has been worth a dollar a dose to me.'—D. L. Wallace.

Lieutenant Charles Hunt, of the Salt Lake City Barracks of the Salvation Army, writes from Ogden, Utah:

"Two months ago I was suffering with a severe cold that I could hardly speak. 'Our captain advised me to try Peruna and procured a bottle for me, and truly it worked wonders. Within two weeks I was entirely well.'—Charles Hunt.

Congressman White's Letter.

Terboro, N. C. Gentlemen:—I am more than satisfied with Peruna and find it to be an excellent remedy for the grip and catarrh. I have used it in my family and they all join me in recommending it as an excellent remedy."—George H. White, Member of Congress.

Mrs. T. W. Collins, Treasurer Independent Order of Good Templars, of Everett, Wash., writes:

"After having a severe attack of la grippe I continued in a feeble condition even after the doctors called me cured. My blood seemed poisoned. Peruna cured me."—Mrs. T. W. Collins.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

LA GRIPPE is epidemic catarrh. It spares no class or nationality. The cultured and the ignorant, the aristocrat and the pauper, the masses and the classes are alike subject to la grippe. None are exempt—all are liable.

Have you the grip? Or, rather, has the grip got you? Grip is well named. The original French term, la grippe, has been shortened by the busy American to read "grip." Without intending to do so a new word has been coined that exactly describes the case. As if some hideous giant with awful claws had

clutched us in its fatal clasp. Men, women, children, whole towns and cities are caught in the baneful grip of a terrible monster.

## Peruna for Grip.

Mrs. Theophile Schmitt, wife of the Ex-Secretary of the German Consulate, writes the following letter from 3417 Wabash avenue, Chicago, Ill.:

"I suffered this winter with a severe attack of la grippe. After using three bottles of Peruna I found the grip had disappeared."—Mrs. T. Schmitt.
